

A GREAT MEDICINE

BRINGS HEALTH TO THREE MEMBERS OF SAME FAMILY.

Cures a Wife's Debility After Malaria, a Husband's Rheumatism, a Daughter's Servous Prostration.

"I have recommended Dr. Williams' Pink Pills to many people," said Mrs. Gosssett, "because I have seen such good results, time after time, right in my own family. There are three of us who have no doubt about their merits. We do not need to take anybody's word on the subject for our own experience has taught us how well they deserve praise."

"It was just about ten years ago that I first read about Dr. Williams' Pink Pills, and bought my first box. I was at that time all run down, weak, nervous and without ambition. I had been doctoring all summer for malaria and stomach trouble. Everybody thought I was going into consumption, as my mother had died of that disease."

"Thanks to Dr. Williams' Pink Pills, I am now alive and hearty. I began to improve as soon as I began to take them, and when I had taken three boxes I was a well woman. Everyone wonders how I keep so well and am able to care for my home and six children without help. Dr. Williams' Pink Pills explain it."

"My oldest girl's health began to fail when she was about fourteen. She was nervous, complained of sharp pains in her head, would get deathly sick and have to leave the schoolroom to get fresh air to revive her. I gave some pills to her. She took only a few boxes, but they cured her troubles, and caused her to develop into a perfect picture of health. Then my husband took them for rheumatism and found that they would cure that too. So you see we have all got great good from using them, and that is why we recommend them to others."

Mrs. Minnie B. Gosssett lives at Urichsville, Tuscarawas Co., Ohio, and is well known, as she has resided in the same neighborhood for more than thirteen years. Her story shows that a medicine which makes the blood sound and the nerves strong, overcomes a variety of diseases and should be found in every household. Dr. Williams' Pink Pills are sold by all druggists everywhere. They have cured anaemia, and all forms of weakness, also the most stubborn cases of dyspepsia and rheumatism. They are indispensable for growing girls.

Mean Old Bachelor Again.
It was an old bachelor who said that it was futile to discuss the question whether a genius would make a good husband. No real genius, he said, would ever marry.

EFFECTS OF PROSPERITY.

In the six years of the country's greatest prosperity, from 1897 to 1903, average prices of breadstuffs advanced 65 per cent., meats 23.1 per cent, dairy and garden products 50.1 per cent, and clothing 24.1. All these were products of the farmer and stockman who profited more than any other class of the community by these advances. The miner benefited 42.1 per cent by that advance in the average price of metals. The only decrease in the average prices of commodities in that period was in railway freight rates which decreased from .758 per ton-mile in 1897 to .763 in 1903, a loss of 4.4 per cent. The report of the Interstate Commerce Commission shows that the average increase in the pay of railroad employees in the period was a trifle above 8.5 per cent.
